

Our Mission: Securing The World, One Perimeter At A Time

GLOBAL GRAB

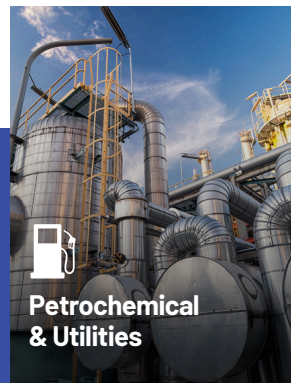

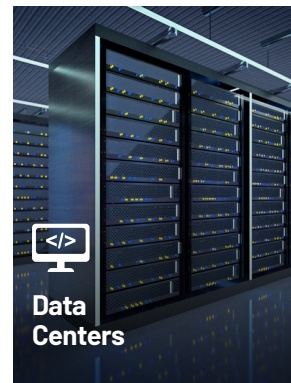

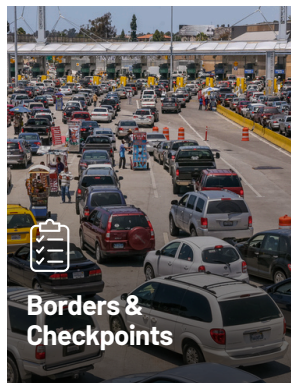

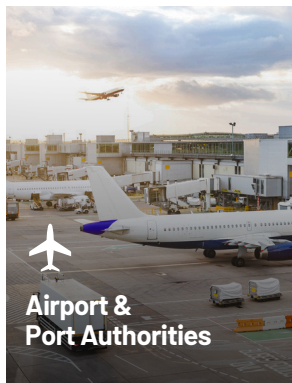

Who We Are

Global GRAB Technologies is the hostile vehicle mitigation and perimeter security industry leader trusted by mission-critical government and commercial organizations in the United States and abroad. Global GRAB is known for its world-class design, engineering, innovation, fabrication, construction, installation, integration, project management, service, and support capabilities. We are nationally recognized as a true “turnkey provider” and product innovator with years of successful experience deterring, identifying, stopping, and containing real-time threats for organizations at some of the most prominent government and commercial facilities.
