

GRAB Barrier Modernization: Protect Your Investment

Reset Your GRAB Barrier's Life by 15+ Years

Global GRAB's portfolio of products and services are differentiated by the depth and breadth of its capabilities, expertise, people, and value it delivers to the Perimeter Security and Hostile Vehicle Mitigation industry.

✓ Cost-Effective Solutions

- Modernization costs 50-60% less than full replacement
- No need for expensive demolition or construction

✓ Minimal Disruption

- Above-ground modular design allows quick upgrades
- Reduced downtime compared to new installations

✓ Latest Technology

- Update to cutting-edge electrical components and controls
- Improved Battery Back-up and optional solar power capabilities

✓ Enhanced Durability

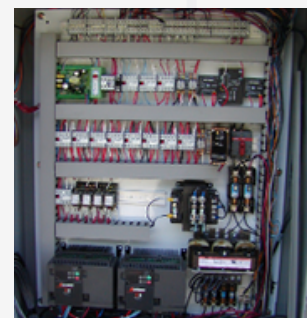

- Upgraded mechanical components for better performance
- New warranty period after refurbishment
