# Checkpoints & Guard Booths

*Innovative Bi-Level Booth for Passenger & Cargo Vehicles*

## About

Global GRAB Technologies is proud to be an award-winning and innovative design and installation Team with years of experience installing a variety of premium quality, blast resistant, bullet resistant and climate-controlled Checkpoint and Guard Booths to mission critical government and commercial organizations throughout the United States.

Our experienced Team of professionals understands the importance of testing every component to ensure optimal performance in extreme weather conditions and in a multitude of operational environments, while remaining aesthetically pleasing for years to come.

Global GRAB prides itself on understanding a customer's unique security requirements and operational considerations to ensure the checkpoint and guard booths selected will meet and exceed the customer's goals.

We are ready to assist you in the selection and installation of your next booth. Call or email us today.
