SW1250 POST & CABLE

Easily Harden and Reinforce Existing Perimeters and Fences

About

Global GRAB's SW1250 Post & Cable, ASTM F2656-23 M50 P1 crash-certified passive vehicle barrier is the newest addition to Global GRAB's extensive suite of active and passive vehicle barriers.

The SW1250 was designed and engineered to meet the growing demand of mission critical customers who require a **crash-certified M50 P1 solution** to harden perimeters, access control points, and to reinforce existing chain link fence lines.

Termination Post
